

PLAGIARISM & CHEATING INCIDENT FORM

In an effort to track incidents of plagiarism and cheating on campus, the Academic Standards Committee has approved this form for faculty to use when they encounter incidents of plagiarism and cheating. Your participation is invaluable in addressing this important issue. Make sure to read the recommendations to prevent cheating.

Plagiarism – includes but is not limited to: a) the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgement; b) the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic material.

Cheating – includes but is not limited to:

- a) use of unauthorized assistance in taking quizzes, tests, or examinations
- b) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports solving problems, or carrying out other assignments
- c) the acquisition, without permission, of tests or other academic material belonging to a member of the College faculty or staff
- d) Fabrication, the invention or counterfeiting of data and/or research, this includes patient data, vital signs, assessments, and medication records (not an exhaustive list).
- e) Complicity, when a student provides assistance in any act that violates this policy. Complicity includes allowing other students to copy one's own work, assisting in cheating, sharing test questions/answers, selling a paper to a paper vendor, and any other act that would assist another student in engaging in academic dishonesty. Talking during an exam/quiz is considered sharing information, and failure to report knowledge of other students cheating is also considered an act of complicity.
- f) Multiple submissions, when a student submits the same (or largely unaltered) work in multiple courses without instructor approval.
